

About AWE and Myself

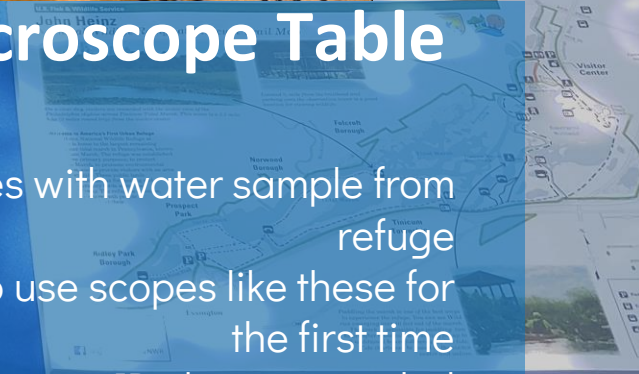

- Alliance for Watershed Education of the Delaware River (AWE) is comprised of 23 centers along the Delaware river
- I represent John Heinz NWR

Microscope Table

- Microscope tables with water sample from refuge
- Allows people to use scopes like these for the first time
 - ID sheets provided

Kayak Surveys and Invasive Carp Control

- Carp were caught in large net, then euthanized
- Kayak surveys were conducted on the marsh to map out invasive plant species

Cobbs Creek Cleanups

- Attended 2 Cobbs Creek Ambassadors cleanups
- Cleaned Creek and surrounding areas

Storm Drain Marking

- I lead one storm drain marking event in July.
- I assisted with 2 more storm drain marking events in the same area
 - 81 drains were marked
